

Claims

We claim:

1. An immunological test kit including a composition of matter comprising an immunologically reactive substance  
5 connected to an immunologically invisible carrier.
2. The test kit of claim 1, wherein said immunological test kit is an ELISA kit.
3. The test kit of claim 1, wherein said immunological test kit is an immuno-capillary kit.
- 10 4. The test kit of claim 1, wherein said immunologically invisible carrier comprises polyethylene glycol.
5. The test kit of claim 4, wherein said immunologically reactive substance consists essentially of an epitope.
6. The test kit of claim 4, wherein said immunologically  
15 reactive substance comprises an antibody.
7. The test kit of claim 4, wherein said immunologically reactive substance comprises an antigen.
8. The test kit of claim 4, said composition of matter further comprising an attached reporter moiety.
